HALF HOLIDAY

Movement for a Saturday Half Holiday During Summer

WILL BE ACCOMPLISHED SOON

Men who are Interested Count for Some thing-A Petition is to be Circulated on Main Street To-day-There is Some Op position to the Movement Among Cor tala Wholesalers. en

The movement for a Saturday half holiday for the employes of the whole-sale and manufacturing establishments banks and railroad freight depots, duroans and rairroad freight depots, dur-ing the hot months of June, July and August, which was started recently through the columns of the Intelligen-cer, is not dead though the silence of ad-vocates of the holiday may have conduced to that bellef.

This morning two business men will make a tour of the Main street wholesale houses, banks and manufacturing establishments, with a blank petition addressed to the freight agents of the several railroads entering the city, praying that the depots be clused at 1 p. m. on Saturdays during June, July and August, also agreeing among themselves to close their places of business at 1 p. m. on Saturday. If enough signatures are secured to this petition to show that the majority of the business community desire a Saturday half holiday, it is certain that the maliroad freight agents' association will issue an order closing the freight stations at the hour mentioned every Saturday during the three months of the summer.

Among certain wholesalers there is objection to closing during the afternoon on Saturday, but this opposition is but a drop in the bucket compared with the overwhelming sentiment in favor of giving hard-worked employes a needed afternoon for recreation once a week. It is notable that the most enthusiastic advocates of the proposed half holiday are themselves employers, who appreciate the fact that they livil lose nothing by granting their employers an afternoon once in six days during the summer.

At Clerk Hook's Office. This morning two business men will

Col. White's Lecture.

Col. Robert White, of Wheeling, delivered his celebrated lecture in answer to Ingersoil at McMechen Sunday night. Col. Ingersoil named his lecture "The Foundations of Faith," and then attempted to overthrow the Bible. Col. White answered the 'lecture "And overthrew Ingersoil's sophistries in a

manner so plain and practical and at the same time in such eloquent and re-fined language that a large congrega-tion in the M. H. church listened with rapt attention for one hour and fitteen minutes. The church and people are very grateful for the lecture and have warm hearts for the Bible's champion.
